<p><b>Puppy Harness</b></p>		<p><b>XXSmall Puppy Harness &amp; Lead</b></p> <p>Harnesses are safer for toy breeds than collars whilst out walking due to their delicate throats, but high street pet shops do not sell harnesses small enough for Chihuahua pups.</p> <p>These harnesses adjust down to a 7" chest and have plenty of growing space for the first year of your pup's life. They will fit your pup long before they are ready to start going for walks, so you can get them used to wearing the harness indoors first.</p>	<p>£4.49</p> <p><b>Colours:</b>          Baby Blue          Baby Pink          Black          Red</p>

### Toilet Pads

#### Re-usable Puppy Toilet Training Pee Pads

Newspaper can be very messy and smelly and does not protect your flooring. Disposable Toilet pads can get expensive and messy as pups love to tear them up into pieces and drag them all over your floor. Washable, Reusable fabric pads are the answer. The top layer allows liquid to pass through whilst it remains dry, and is locked away in the middle layers. The waterproof polyurethane backing prevents penetration of the liquid onto your flooring. Cost effective and reliable, this product has been designed for long term use and can be washed, tumble dried and re-used over and over again. Place one pad in your puppy pen or at the back door. Available in 2 sizes, in packs of 2.
